SPECIAL FEATURES

- ✓ **Heavy-Duty Support**
The topshelf supports up to 1,000 lbs, and the undershelf holds 780 lbs, providing strong support for commercial kitchen equipment.
- ✓ **Stationary Design**
Stationary table style with four legs and bullet feet provides stability for heavy equipment in commercial kitchens.
- ✓ **Warranty Coverage**
The equipment stand includes a 1-year warranty by the manufacturer, covering commercial kitchen use.
- ✓ **Durable Materials**
Constructed from 304 stainless steel with a 16-gauge top and galvanized steel undershelf, suitable for long-term use in food-handling environments.
- ✓ **Certified Safety**
NSF certification confirms compliance with commercial kitchen standards for food safety and sanitation.

PRODUCT OVERVIEW

The ChefPro Series Equipment Stand is designed for commercial kitchens, restaurants, and food-handling environments requiring durable support for heavy equipment. It is constructed from 304 stainless steel with a 16-gauge thickness and a silver finish, providing corrosion resistance and long-lasting performance.

The stand features a stationary table style with a stainless steel top and an undershelf constructed from galvanized steel. It includes a 2-inch backsplash and four plastic bullet feet for stability. The stand comes with an Allen wrench and two set screws for assembly.

It has a topshell capacity of 1,000 lbs and an undershelf capacity of 780 lbs, suitable for supporting commercial kitchen equipment. Overall dimensions are 72" (L) x 30" (W) x 26" (H). The unit is NSF certified and includes a 1-year warranty by the manufacturer.
