WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- ✓ **Durable Construction**
Built from 24-gauge white galvanized steel for strength and corrosion resistance.
- ✓ **Secure Door Design**
Solid swing door with keyed lock adds safety and maintains consistent temperature.
- ✓ **Reliable Flooring**
Floor provides durability and easy cleaning for indoor or outdoor use.
- ✓ **Certified Compliance**
UL Listed US, NSF Listed, and DOE certified for safety and quality assurance.
- ✓ **Easy Assembly**
Modular cam-lock, tongue and groove design simplifies installation.
- ✓ **Top-Mounted Compressor**
Compact self-contained refrigeration system for steady operation.
- ✓ **Efficient Refrigerant**
Uses R-448A refrigerant for dependable temperature regulation.
- ✓ **Comprehensive Warranty**
Includes 10-year panel, 1-year door parts, 2-year compressor & parts, and 1-year labor coverage.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler is a self-contained refrigeration unit ideal for indoor or outdoor applications. Made in America, it's built from 24-gauge white galvanized steel with a durable floor for reliable performance and easy maintenance. Measuring 10 (W) x 10 (D) x 7 (H) ft, it features a single solid swing door with a 77-inch height, a keyed lock, and a self-closing, flush-mounted design that helps retain internal temperature.

Designed with 4-inch thick polyurethane insulation providing an R-28 thermal resistance, the cooler maintains consistent cooling efficiency. Its top-mounted compressor operates on 208/230 V, 1 Phase, and 60 Hz, using R-448A refrigerant for steady temperature control. The modular cam-lock, tongue and groove panel design allows quick assembly, while the hardwired plug connection offers stable electrical performance.

The commercial PolarBox Walk-In Cooler comes complete with a condensing unit and evaporator for dependable operation. Certified under UL Listed US, NSF Listed, and DOE standards, it meets key industry safety and quality benchmarks. Constructed from CFC and HFC-free materials, it supports environmental responsibility. The warranty includes 10 years on panels, 1 year on door parts, 2 years on compressor and parts, and 1 year labor on the refrigeration unit.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	118 inch	Product Depth	118 inch
Product Height	87 inch	Door Height	77 inch
Nominal Depth	10 ft	Nominal Width	10 foot
Hertz	60 hertz	Phase	1 Phase
Voltage	208/230 volt	Door Type	Solid
Insulation Thickness	4 inch	Insulation Material	Polyurethane
Door Lock	Keyed Lock	Material	White Galvanized Steel
Type	Walk-In Cooler	Floor	With Floor
Plug Type	Hardwired	Refrigerant Type	R-448A
Usage	Indoor/Outdoor	Country of Origin	Proudly Made in America

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Selling Unit	1/Each	Door Style	Swing
Gauge	24 Gauge	Thermal Resistance	R-28
Features	Self-Closing, Flush-Mounted Door	Included	Condensing Unit and Evaporator
Number of Doors	1 Door	Nominal Height	7 foot
Compressor Location	Top Mounted	Hinge Type	Modular Cam-Lock, Tongue & Groove Design
Refrigeration Type	Top Mounted Refrigeration	Material Type	CFC & HFC Free
Series	PolarBox Series	Floor Material	Standard Galvanized Steel Floor
