1 Year Warranty

### SPECIAL FEATURES

- ✓ **304 Stainless Steel**  
The tabletop and doors are constructed from 304 stainless steel, a material commonly used in commercial kitchen food preparation areas.
- ✓ **High Load Capacity**  
The tabletop supports up to 600 lbs, while the undershelf accommodates up to 420 lbs for commercial kitchen storage needs.
- ✓ **Stable Support**  
Four stainless steel legs with sockets and stainless steel bullet feet provide structural support for restaurant kitchen workstations.
- ✓ **Enclosed Storage**  
Two solid sliding doors with recessed handles provide access to the enclosed base storage section for restaurant supplies and equipment.
- ✓ **Removable Components**  
The sliding doors, side panels, and back panels are removable, allowing access to the interior storage space during food handling operations.
- ✓ **NSF Listed**  
NSF Listed certification supports use in commercial kitchen environments, and it includes a 1-year warranty by the manufacturer.

## PRODUCT OVERVIEW

The ProKitchen Series Enclosed Base Worktable is designed for restaurants, catering operations, and commercial kitchen food preparation areas. Constructed with 304 stainless steel in a silver finish, it features a flat top work surface and measures 60" (L) x 24" (W) x 34" (H). The tabletop is made from 304 stainless steel and is supported by a stainless steel hat channel.

This enclosed base worktable features two solid sliding doors made from 304 stainless steel with recessed handles. The removable sliding doors, along with removable side and back panels, provide access to the enclosed storage area. The door design supports organized storage of kitchen tools, ingredients, and supplies.

The worktable includes an undershelf constructed from 304 stainless steel with an aluminum die-cast clamp. The top shelf supports up to 600 lbs, while the undershelf has a capacity of 420 lbs. Both the tabletop and undershelf are manufactured with 18-gauge stainless steel construction for commercial kitchen applications.

Supported by four stainless steel legs with stainless steel sockets and bullet feet, this enclosed base worktable is suitable for food handling and preparation tasks. It does not include a backsplash. The unit is NSF Listed and includes a 1-year warranty by the manufacturer.
