✓ **Flexible Racks**
Comes with two nickel oven racks for versatile placement.

✓ **Safe Control Handling**
Heavy-duty metal knobs with heat-protection grips improve user safety.

✓ **Certified Safety**
CSA Certified, NSF Approved, and ETL Listed for compliance.

PRODUCT OVERVIEW

The KitchenCore Series KCGR24 commercial gas range is built for commercial kitchens, combining a cooktop with oven functionality. It features a stainless steel body in a silver finish with four burners for high-output cooking.

Each burner is made of cast iron and delivers 26,300 BTU/hr, providing a total output of 132,200 BTU/hr. This commercial unit includes a 3/4 in gas connection and operates on liquid propane for reliable use. It features heavy-duty metal knobs with heat-protection grips to support safe handling during rush hours.

The integrated oven delivers 27,000 BTU/hr and operates within a temperature range of 212°F to 572°F. The oven interior measures 22.5 in (W) × 20 in (D) × 14.5 in (H), and the unit comes with two nickel oven racks. Its manual controls allow precise adjustments for both burners and the oven.

The overall product dimensions are 24 in (W) × 32 in (D) × 61.4 in (H), and the unit includes 4 heavy-duty casters for mobility. Certified by CSA, NSF, and ETL, this commercial range is backed by a 1-year parts and labor warranty.
