WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- ✓ **Durable Construction**
24-gauge white galvanized steel panels provide long-lasting strength and corrosion resistance.

✓ **Secure Access**
Solid swing door with keyed lock and self-closing, flush-mounted design offers safe, convenient entry.

✓ **Efficient Cooling**
Top-mounted, self-contained refrigeration system with condensing unit and evaporator ensures consistent temperature control.

✓ **Flexible Placement**
Designed for both indoor and outdoor use to suit diverse commercial setups.

✓ **Certified Safe**
UL Listed US, NSF Listed, and DOE certified for verified safety and efficiency.
- ✓ **Reliable Insulation**
4-inch polyurethane insulation (R-28) delivers dependable temperature retention for frozen or chilled storage.

✓ **Modular Panels**
Tongue-and-groove panels with cam-lock connections enable precise alignment and easy assembly.

✓ **Stable Power**
Runs on a 208/230 V, 60 Hz, single-phase connection for reliable performance.

✓ **Eco-Friendly Materials**
Materials: CFC and HFC-free construction reduces environmental impact.

✓ **Comprehensive Warranty**
Includes 10-year panel, 1-year door parts, 2-year compressor & parts, and 1-year labor coverage.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler is a self-contained refrigeration unit ideal for commercial kitchens, cafes, and food service operations requiring consistent cold storage. Made in America from 24-gauge white galvanized steel, it provides long-lasting structural durability. The cooler includes a top-mounted condensing unit and evaporator for balanced cooling efficiency, while its solid, flush-mounted swing door adds convenience for daily operations.

This commercial walk-in cooler features 4-inch polyurethane insulation with R-28 thermal resistance for dependable temperature retention. Its modular cam-lock design with tongue-and-groove joints allows easy assembly, and the keyed locking system enhances security. Designed without a floor for flexible installation, this model supports both indoor and outdoor usage while maintaining reliable insulation performance.

With overall dimensions of 8 ft (W) x 8 ft (D) x 7 ft (H), it provides ample storage capacity. This commercial unit operates on R-448A refrigerant and a 1-phase, 208/230 V power supply at 60 Hz. It is UL Listed US, NSF Listed, and DOE certified for verified safety and performance. The cooler includes a 10-year panel warranty, 1-year door parts coverage, 2-year compressor and parts protection, and 1-year labor warranty on the refrigeration unit.
