GIOTTO FAST

Re-engineered precision and design the next evolution of Rocket's dual- boiler legacy.

The evolution of the very first model brought to market by Rocket, reimagined with refined proportions and a stance that speaks of enduring quality and solid craftsmanship.

Finely crafted for speed and performance, Giotto heats up in as little as 12 minutes* on average from startup.

Rotary pump with plumb-in or internal reservoir provides versatile installation options.

*Depending on water temperature and external conditions

SPECIFICATIONS	
PID PRESSURE CONTROL	YES
SHOT TIMER	YES
TOTAL BOILER CAPACITY	1.8 L
WATTAGE	220-240V; 50/60 Hz; 1350W
DIMENSIONS	340W × 457D × 403H mm
WEIGHT	30 Kg (R) – 27 Kg (V)
WATER TANK LEVEL SENSOR	YES

FEATURES

- Design by V12
- Fast Heat-Up Time
- Temperature Control
- OLED Display
