WARRANTY

7 Year Parts & Labor , 6
Year Compressor, 4
Year Compressor Parts

SPECIAL FEATURES

- Massive Storage Capacity**
 Spacious 54 cubic feet of total storage space across three sections, perfect for large-scale commercial food storage needs.
- Long Warranty Coverage**
 Comprehensive 7-year parts and labor warranty, with 6 years on compressor and 4 years for compressor parts.
- Professional Grade Construction**
 Durable stainless steel construction with silver finish and three solid swing doors for commercial durability.
- Convenient Mobility**
 Heavy-duty swivel casters with two braking wheels for easy movement and secure positioning.
- Multiple Certifications**
 ETL, cETLus, and ETL Sanitation certifications ensure compliance with safety and sanitation standards.
- Dual Temperature Control**
 Separate refrigerator (33-41°F) and freezer (-8-0°F) sections with digital temperature control system for precise temperature management.
- Energy Efficient System**
 Top-mounted, self-contained compressor system with R-290 hydrocarbon refrigerant for optimal cooling efficiency.
- Easy Temperature Monitoring**
 Digital temperature control system with LED lighting for clear visibility and precise temperature management.
- Hassle-Free Maintenance**
 Automatic defrost system and magnetic door gaskets for simplified cleaning and maintenance.
- Versatile Organization**
 Nine PVC-coated shelves provide flexible storage options and superior organization capabilities.

PRODUCT OVERVIEW

This dual temperature refrigerator/freezer is built from stainless steel with a silver finish and offers a total storage capacity of 54 cubic feet across three sections. It features three solid swing doors and a top-mounted, self-contained compressor system for efficient cooling and freezing.

The unit runs on 115V, 60 Hz, 1 phase power with a 5.9 ft power cord and a NEMA 5-15P plug, drawing 7 amps. The refrigerator section operates between 33°F to 41°F using a 1/6 HP motor, while the freezer section maintains -8°F to 0°F with a 1/4 HP motor. Both use R-290 hydrocarbon refrigerant and are managed by a digital temperature control system. Automatic defrost comes standard for smooth operation.

Inside, the unit includes nine PVC-coated shelves with LED lighting. Interior dimensions are 56.3 in (W) x 45.3 in (D) x 23.2 in (H). Overall external dimensions are 72 in (W) x 31.5 in (D) x 78 in (H). It's mounted on heavy-duty swivel casters, including two with brakes, and designed for freestanding use.

The unit includes magnetic door gaskets and doors hinged on the left and right. It's certified by ETL, cETLus, and ETL Sanitation. This model performs reliably in ambient temperatures up to 100°F and includes a 7-year parts and labor warranty, 6 years on the compressor, and 4 years for compressor parts.
