- ✓ **Flexible Mobility**
Four casters (2 braked) support freestanding installation in commercial kitchen layouts.
- ✓ **Certified Unit**
cETLus, ETL Sanitation, NSF certified with 1-year parts & labor warranty.

PRODUCT OVERVIEW

The ProKitchen Series Gas Range with Oven is a freestanding commercial kitchen cooking unit for restaurants and catering operations. It features a welded stainless steel frame with 6 cast iron open lift-off burners. Designed for natural gas operation, it supports high-volume cooking in food service environments.

The unit delivers a total output of 211,000 BTU. Each burner provides 30,000 BTU, operated through manual controls for commercial kitchen workflows. Cast iron grates measure 12" x 12", supporting heavy cookware use in restaurant cooking stations.

The integrated oven delivers 31,000 BTU with a U-shape burner system. Oven temperature range is 250°F to 550°F. Interior size is 26.6" (W) x 26" (D) x 13.9" (H) with 2 oven racks for baking and roasting in commercial kitchen operations.

The unit measures 36" (W) x 32.6" (D) x 60" (H) and weighs 368 lb. It includes casters (2 with brakes, 2 without), stainless steel back riser, removable grates, crumb tray, and 3/4" NPT gas connection. Certified cETLus, ETL Sanitation, NSF. Includes 1-year parts & labor warranty.
