1 Year Warranty

SPECIAL FEATURES

- ✓ Mega Top Capacity**
 The mega top rail holds up to 27 one-sixth-size pans, giving prep cooks immediate access to portioned ingredients during service.
- ✓ Door-Triggered Fan Stop**
 The evaporation fan stops working when a door is open, helping the unit recover cooling efficiently once the door is closed.
- ✓ Mobile with Brakes**
 Four heavy-duty casters with brakes allow the table to be repositioned for cleaning or layout changes, then locked securely in place during operation.
- ✓ Safe Temperature Range**
 A holding range of 33°F to 41°F keeps refrigerated ingredients within food-safe temperatures throughout the service window.
- ✓ ETL Certified Unit**
 ETL Listed and ETL Sanitation Listed certifications confirm this prep table meets established standards for commercial food service equipment.
- ✓ 1-Year Warranty Coverage**
 This prep table is backed by a 1-year warranty, providing a defined period of coverage for commercial kitchen operators after purchase.

PRODUCT OVERVIEW

The Frigomax Series 72-inch Mega Top Sandwich and Salad Prep Table is designed for commercial kitchens and restaurants that require a high-capacity cold prep station for sandwich, salad, and ingredient assembly during busy service periods.

This unit measures 34" (L) x 72 11/16" (W) x 42 5/8" (H) and offers 21.2 cubic feet of interior storage across three doors, with three epoxy-coated adjustable shelves inside the cabinet. The mega top rail accommodates up to 27 one-sixth-size pans, keeping ingredients organized and within reach on the prep line. The temperature range of 33°F to 41°F maintains ingredients at safe holding temperatures throughout service.

The three self-closing doors with a 90-degree stay-open feature allow hands-free access during active food handling, and the evaporation fan stops working when a door is open, supporting efficient cooling performance. An EC fan motor contributes to consistent airflow management within the unit. Electronic controls provide straightforward temperature monitoring, while the 1/4 horsepower compressor operates on a single-phase, 115V, 60Hz power supply drawing 2.1 amperes via a NEMA 5-15P plug.

The exterior and work surface are finished in stainless steel with a silver color, suited for the demands of commercial food preparation environments. Four heavy-duty casters with brakes allow the unit to be repositioned on the kitchen floor and locked in place when in use. Cutting boards and pans are available as accessories. The Frigomax Series Mega Top Prep Table carries ETL Listed and ETL Sanitation Listed certifications and is backed by a 1-year warranty.
