## PRODUCT OVERVIEW

The IceVault Series IVBC95 Bottle Cooler is designed for bars, restaurants, and beverage service environments. With a 28 cubic feet capacity, it holds up to 456 bottles or 688 cans of 12 oz., making it suitable for high-volume operations. The black vinyl-coated steel exterior and aluminum interior provide durability, while three solid sliding stainless steel lids with a keyed lock offer secure and convenient access.

Measuring 95.2 (W) x 28 (D) x 34.2 (H) inches, this freestanding unit operates with a 1/2 HP compressor using R290 refrigerant to maintain a temperature range of 33°F to 40°F.

Running on 115 V, 1 phase, 60 Hz, and 3.3 A with a NEMA 5-15P plug, it connects easily to standard power. The removable bottle cap opener, cap catcher, and adjustable dividers allow efficient organization and quick service.

Built for stationary placement without casters, this cooler stays secure in busy areas. Listed for compliance with food service standards, this beverage cooler for sale includes a 1-year parts and labor warranty along with a 1-year compressor warranty, making it a reliable unit in commercial settings.
