- ✓ **Compact Footprint**
12 in by 12 in base dimensions support placement in limited commercial kitchen spaces.
- ✓ **Warranty Coverage**
It includes a 1-year limited warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series single column locker is designed for storage and organization in commercial kitchen and staff areas. This unit features a vertical layout with 5 compartments and 5 doors, supporting individual storage in restaurant environments. The enclosed base design provides a structured lower section for placement within workspaces.

Constructed from steel with a beige finish, the locker supports use in commercial kitchen back-of-house areas. Each door includes ventilated mesh grid vents for air circulation, supporting airflow within compartments. The unit is equipped with combination locks and padlock compatibility for secured storage in food service operations.

Each compartment measures 10 x 12 x 12 in, providing individual storage space for staff use. The unit includes 5 levels arranged in a single column format. Sequentially numbered labels are included, supporting identification across compartments in commercial kitchen environments.

The locker measures 12" (L) x 12" (D) x 66" (H) and weighs 49 lb. It is categorized as a single column locker within the ChefPro Series. It includes a 1-year limited warranty by the manufacturer.
