WARRANTY
1 Year Warranty

SPECIAL FEATURES

- Clear Straight Glass**
 The straight glass front gives customers and service staff an unobstructed view of displayed baked goods, supporting faster service at the counter.
- Low-Impact Refrigerant**
 R-290 refrigerant is a low global warming potential choice that aligns with current commercial kitchen environmental standards without sacrificing cooling performance.
- Triple Certification Coverage**
 ETL Listed, ETL Sanitation Listed, and DOE 2017 Compliant certifications give buyers confidence that this unit meets established food safety and energy efficiency benchmarks for commercial use.
- Refrigerated Storage Volume**
 The 23.2 cu ft interior holds a substantial quantity of pastries and chilled items, reducing how often staff need to restock during peak hours.
- Standard Electrical Draw**
 Operating at 560 watts and 8.1 amps on a 110V, 60 Hz circuit, this unit fits into most existing commercial kitchen electrical layouts without additional wiring upgrades.
- Backed by Warranty**
 The 1-year warranty provides a defined coverage period, giving restaurant and bakery operators a clear timeframe for manufacturer support after purchase.

PRODUCT OVERVIEW

The Frigomax Series 76" serve-over bakery display case is designed for commercial kitchens, patisseries, and restaurant front-of-house counters where both dry and refrigerated product presentation matters. Its straight glass front offers clear sightlines for customers and staff alike, making it a practical choice for busy bakery and food service environments.

The cabinet maintains a temperature range of 30.2 to 41 degrees Fahrenheit, supported by gravity coil cooling and the R-290 refrigerant, a low-GWP option suited to commercial food handling standards. The 23.2 cubic foot interior provides meaningful display and storage volume for baked goods, pastries, and chilled items on a high-turnover counter.

At 76.4 inches wide, 37.4 inches deep, and 46.9 inches tall, this freestanding unit fits into a range of counter configurations without requiring special installation. It draws 8.1 amps and operates at 560 watts on a standard 110V, 60 Hz circuit, keeping electrical load manageable for most commercial kitchen setups.

This display case carries ETL Listed, ETL Sanitation Listed, and DOE 2017 Compliant certifications, reflecting compliance with recognized food service safety and energy standards. It is sold as a single unit and backed by a 1-year warranty.
