- ✓ **Food-Grade Steel**
Food-grade 304 stainless steel construction supports commercial food handling environments.
- ✓ **Warranty Included**
It includes a 1-year warranty by the manufacturer for foodservice applications.

PRODUCT OVERVIEW

The ChefPro Series Chocolate Fountain is a countertop unit designed for bakeries, parties, gatherings, weddings, and rental foodservice applications. The unit features a 5-tier design with a 13.2 lb chocolate capacity for dessert presentation and serving. It operates with 265 W power and a 110 V electrical connection.

The chocolate fountain features food-grade 304 stainless steel construction with a silver finish. It measures 12.9" (W) x 12.9" (D) x 28" (H). The unit weighs 13.2 lb and includes a stainless steel spiral shaft and tower layers for chocolate circulation during operation.

This commercial chocolate fountain includes automatic temperature control with an adjustable temperature range from 32°F to 230°F. The knob control system supports temperature adjustment during dessert service. The unit supports up to 12 hours continuous operation for event and catering applications.

The fountain operates with a 200 W motor and low noise operation for foodservice environments. Included accessories are a heating bowl, base, spare sealing ring, power cord, and bamboo sticks (100 pcs/pack). It includes a 1-year warranty by the manufacturer.
