3/4 in gas inlet designed for liquid propane connection.
- ✓ **Spacious Cooking Area**

48 in length offers wide space for preparing multiple items.

PRODUCT OVERVIEW

The KitchenCore Series Commercial Gas Griddle KCGG48 is a stainless steel unit in a silver finish, designed for commercial kitchens such as restaurants, hotels, and catering operations. It offers a wide cooking surface suitable for preparing multiple items at once in commercial environments.

This griddle is equipped with four stainless steel burners, each rated at 30,000 BTU/hr, giving a total output of 120,000 BTU/hr. The cooking plate has a ½" thickness for heavy-duty use. Operation is controlled manually through heavy-duty metal knobs fitted with heat protection grips.

This commercial gas griddle is NSF-approved and ETL-listed for commercial compliance. It measures 48 in (L) x 30 in (W) x 14 in (H). This gas griddle operates on liquid propane and connects through a 3/4 in gas inlet. The griddle is supplied with a 1-year parts and labor warranty.
