SPECIAL FEATURES

- ✔ **Horizontal Display Layout**
Horizontal design with 2 adjustable stainless steel and glass shelves supports organized chilled merchandising in commercial kitchen environments.

✔ **Digital Temperature Control**
Digital thermostat maintains a temperature range of 30.2°F to 44.6°F for chilled storage conditions.

✔ **Certified Compliance Standards**
cETLus, ETL Sanitation, and NSF certifications align with commercial kitchen safety and sanitation requirements.
- ✔ **Curved Glass Access Design**
Lift-up top curved glass and rear refrigerated access support structured food display and handling in retail setups.

✔ **Insulated Cabinet Build**
CFC-free foamed-in-place polyurethane insulation supports internal temperature stability in commercial kitchen use.

✔ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer and a 5-year compressor warranty for refrigeration components.

PRODUCT OVERVIEW

The ProKitchen Series Horizontal Air Curtain Merchandiser is designed for commercial kitchen and food retail environments such as supermarkets, cafés, and grab-and-go food service counters requiring horizontal chilled open display storage. It features a 16.2 cb3 capacity with a freestanding installation type supported by 4 casters for positioning flexibility in commercial kitchen layouts.

Constructed with black coated steel exterior and stainless steel interior, the unit measures 47.2" (W) x 33.2" (D) x 60.9" (H), supporting horizontal merchandising across 2 adjustable shelves made of stainless steel and glass. The shelf configuration supports structured chilled food display in commercial kitchen and retail environments with organized product placement.

The system operates on 110 V, 60 Hz, single phase power with 12.5 A current draw and 1200 W wattage along with 0.5 HP compressor power. It uses R-290 refrigerant with a self-contained refrigeration system, supported by digital thermostat and digital temperature control. The temperature range is maintained between 30.2°F and 44.6°F for chilled display applications in food retail environments.

The unit includes CFC-free foamed-in-place polyurethane insulation for thermal stability. Additional features include ventilated air curtain operation with lift-up curved glass top and refrigerated rear access. LED illumination and a night curtain enhance visibility and off-hour coverage. It operates in ambient temperatures up to 75°F and is cETLus, ETL Sanitation, and NSF certified. Includes a 1-year manufacturer warranty and 5-year compressor warranty.
