WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- ✓ **Durable Build**
24-gauge white galvanized steel panels with floor offer long-lasting, heavy-duty strength.
- ✓ **Eco-Friendly**
CFC and HFC-free materials support environmentally responsible operation.
- ✓ **Consistent Cooling**
Top-mounted, self-contained refrigeration unit with condensing unit and evaporator provides stable temperatures.
- ✓ **Stable Power**
Operates on 208/230 V, 60 Hz, single-phase hardwired connection for dependable electricity.
- ✓ **Certified Safety**
UL Listed, NSF Listed, and DOE compliant for commercial refrigeration standards.
- ✓ **Reliable Insulation**
4-inch polyurethane with R-28 thermal resistance maintains steady freezing temperatures efficiently.
- ✓ **Secure Access**
Solid swing door with keyed lock, self-closing design, heating wire, and pressure relief vent.
- ✓ **Easy Setup**
Modular cam-lock and tongue & groove hinge design enable precise alignment and straightforward installation.
- ✓ **Flexible Placement**
Suitable for indoor and outdoor installation in commercial environments.
- ✓ **Comprehensive Warranty**
10-year panel, 1-year door parts, 2-year compressor & parts, 1-year labor on refrigeration unit.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Freezer is ideal for cafes and commercial kitchens, providing reliable storage for frozen goods. It is made in America with white galvanized steel panels of 24-gauge thickness, offering long-term durability and resistance to corrosion. The floor supports heavy loads, and the unit is suitable for indoor or outdoor use. The overall dimensions are 8 ft (W) x 8 ft (D) x 7 ft (H), providing generous interior capacity for commercial refrigeration needs.

This commercial walk-in freezer features a solid swing door with a height of 77 inches. The door includes a keyed lock for security and a modular cam-lock, tongue & groove hinge system for a precise seal. Its self-closing, flush-mounted door maintains consistent internal temperatures, and the heating wire with pressure relief vent supports safe operation. The unit has a top-mounted compressor for efficient cooling.

The unit features 4-inch polyurethane insulation with an R-28 thermal resistance to retain cold air. The materials are CFC & HFC free, supporting environmentally responsible construction. It operates on 1-phase, 208/230 V, 60 Hz power and uses R-448A refrigerant for reliable temperature control. The unit is self-contained and includes a condensing unit and evaporator for balanced cooling performance.

This commercial walk-in freezer is UL listed in the US, NSF listed, and DOE certified for safety and sanitation compliance. Warranty coverage includes 10 years on panels, 1 year on door parts, 2 years on the compressor and parts, and 1 year of labor on the refrigeration unit, providing added support from the manufacturer.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	98 inch	Product Depth	98 inch
Product Height	91 inch	Hertz	60 hertz
Phase	1 Phase	Voltage	208/230 volt
Door Type	Solid	Door Style	Swing
Insulation Thickness	4 inch	Insulation Material	Polyurethane
Door Lock	Keyed Lock	Material	White Galvanized Steel
Plug Type	Hardwired	Refrigerant Type	R-448A
Usage	Indoor/Outdoor	Type	Walk-In Freezer
Country of Origin	Proudly Made in America	Selling Unit	1/Each
Nominal Depth	8 ft	Nominal Width	8 foot

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Door Height	77 inch	Floor	With Floor
Included	Condensing Unit and Evaporator	Gauge	24 Gauge
Thermal Resistance	R-28	Features	Self-Closing, Flush-Mounted Door, Heating Wire and Pressure Relief Vent
Number of Doors	1 Door	Nominal Height	7 foot
Compressor Location	Top Mounted	Hinge Type	Modular Cam-Lock, Tongue & Groove Design
Material Type	CFC & HFC Free	Refrigeration Type	Top Mounted Refrigeration
Series	PolarBox Series	Floor Material	Standard Galvanized Steel Floor
