WARRANTY

1 Year Parts & Labor

SPECIAL FEATURES

- Top & Bottom Parallel Rollers**
 Dual rollers measuring 12.6" top and 16.5" bottom provide even dough sheeting for commercial bakery applications.
- Durable Construction**
 304 stainless steel body with robust aluminum knobs supports long-term use and hygiene in kitchens.
- Easy Maintenance**
 Detachable ceramic slide and roller scrapers simplify cleaning and upkeep in busy kitchens.
- Adjustable Thickness**
 Seven thickness settings allow versatility for different dough types and recipes.
- Safe Operation**
 Plexi roller protectors and micro-switch release regulate dough sheeting safely.
- Warranty Included**
 Includes a 1-year warranty by the manufacturer covering parts and labor for commercial use.

PRODUCT OVERVIEW

The PrepMaster Series 22" Dough Sheeter is designed for small bakeries and culinary enthusiasts managing dough preparation in commercial kitchens. It features top and bottom parallel stainless steel rollers measuring 12.6" and 16.5" respectively, with seven thickness settings for precise dough rolling. The sheeter includes detachable ceramic slide, roller scrapers, and stainless steel IP67 controls for efficient and hygienic operation.

Constructed from 304 stainless steel in a silver finish, the sheeter offers durability and food-safe handling. Overall dimensions are 18" (L) x 22.5" (W) x 27" (H), and the unit weighs 107 lb, providing a stable base for consistent dough sheeting.

This electric dough sheeter operates on 120 V, 4.5 A with 220 W wattage and 0.33 HP motor power. It uses heavy-duty metal gear transmission and robust aluminum knobs for precise control and reliable operation. The sheeter connects with a NEMA 5-15P plug.

Safety features include plexi roller protectors released by a micro switch. The unit includes a 1-year warranty by the manufacturer covering parts and labor.
