- ✓ **Certified Coverage**
The unit is cETLus certified and includes a 1-year parts and labor warranty by the manufacturer along with a 5-year compressor warranty.

PRODUCT OVERVIEW

The ProKitchen Series Air Cooled Modular Ice Machine with Bin is designed for restaurants, cafés, bars, and commercial kitchens requiring ice production and storage. It produces up to 350 lb of full cube ice every 24 hours and includes a storage bin with a 200 lb capacity. The unit features stainless steel construction and an air-cooled condenser using R290 refrigerant. Its dimensions are 22.24" (W) x 26.3" (D) x 63.39" (H).

The ProKitchen Series Air Cooled Modular Ice Machine with Bin operates on 115 V, 9.5 A, single-phase power at 60 Hz and uses a NEMA 5-15P plug. Digital controls and a digital display provide operational information for commercial kitchen staff. The freestanding design is equipped with adjustable leveling feet for installation on various floor surfaces.

The ProKitchen Series Air Cooled Modular Ice Machine with Bin produces full cube ice and features adjustable ice thickness settings for beverage service applications. Foamed-in-place polyurethane insulation is incorporated into the cabinet structure. Included accessories consist of an ice scooper, water hose, and drain hose for installation and daily operation.

The ProKitchen Series Air Cooled Modular Ice Machine with Bin includes a self-clean system to support routine maintenance in foodservice environments. The integrated storage bin provides space for up to 200 lb of ice. The unit is certified to cETLus standards and includes a 1-year parts and labor warranty by the manufacturer along with a 5-year compressor warranty.
