- ✔ **Epoxy Coated Finish**  
It is made with steel material and epoxy coating for structured shelving support.
- ✔ **Warranty Coverage**  
It includes a 1-year warranty provided by the manufacturer.

## PRODUCT OVERVIEW

The ProKitchen Series Wire Shelf Post is a commercial kitchen shelving support component designed for restaurants, hotels, and food service storage systems. It is constructed with steel material in a green finish with epoxy coating, supporting structured shelving assembly in commercial kitchen environments.

The post measures 64 in (H) and is designed for use in wire shelving systems installed in commercial kitchen storage areas. It supports adjustable shelving configurations, allowing structured storage layouts for food service operations.

It is suitable for moist and humid environments, supporting installation in walk-in coolers, warewashing areas, and storage zones where controlled hygiene conditions are required in commercial kitchen setups.

The unit includes a leveling foot for stable installation on uneven surfaces. It is NSF Listed, supplied as 1/Each, and includes a 1-year warranty for commercial kitchen shelving applications.
