SPECIAL FEATURES

- Focused Heat Output**
 A single U-shaped steel burner delivers 30,000 BTU/hr, supporting flat-top cooking needs in commercial kitchens, food trucks, and hotel restaurants.
- Manual Flame Control**
 Manual controls with a zinc alloy knob and chrome coating support direct burner adjustment by chefs during service.
- Certified Operation**
 ETL sanitation listing, cETLus listing, and NSF approval align with standard requirements for restaurant and commercial kitchen equipment.
- Smooth Griddle Surface**
 The smooth stainless steel griddle plate with a 5/8 in thickness supports consistent contact cooking for food handling tasks.
- Countertop Setup**
 Countertop installation with adjustable heavy-duty stainless steel legs supports stable placement on commercial kitchen work surfaces.
- Warranty Coverage**
 It includes a 2-year parts and labor warranty by the manufacturer for commercial applications.

PRODUCT OVERVIEW

The Platinum Flame Series gas griddle is a countertop cooking unit designed for commercial kitchens, hotel restaurants, food trucks, and outdoor festival operations using gas equipment. It operates on natural gas or liquid propane and uses a smooth stainless steel griddle plate for flat-top food handling.

This model features a single U-shaped steel burner rated at 30,000 BTU/hr, delivering focused heat output for grilling applications. Manual controls with a zinc alloy knob and chrome coating support direct flame adjustment during active kitchen use.

The unit is constructed with stainless steel and galvanized steel in a silver finish and is built for countertop installation. It measures 15.9" (W) x 25.2" (D) x 15.4" (H) and includes adjustable heavy-duty stainless steel legs for stable placement.

Additional features include a standby pilot system, a large bottom oil collector, and 3-inch splash guards to support clean operation. The griddle is ETL sanitation listed, cETLus listed, NSF approved, and includes a 2-year parts and labor warranty.
