- ✓ **Manual Control System**
Manual control supports temperature adjustment during operation.
- ✓ **Safety Features**
Includes overheat protection and auto power-off for controlled use.
- ✓ **Easy Maintenance**
Detachable tray supports cleaning in restaurant environments.

PRODUCT OVERVIEW

The hot dog roller grill is designed for restaurants, snack counters, and commercial kitchen food service areas requiring continuous hot dog cooking and holding. It is constructed from 304 stainless steel with a red finish and measures 22.83" (L) x 7.28" (W) x 19.69" (H), supporting countertop placement.

This unit features 11 non-stick rollers with 360° rotation, supporting even cooking during operation. It includes 2 heating zones with manual control, supporting temperature adjustment across sections. The detachable tray supports cleaning and maintenance in commercial kitchen environments.

The grill operates on electric power with 1670 W, 110–120 V, and 1 phase configuration. It includes overheat protection and auto power-off, supporting operation control in food service workflows. The design supports easy cleaning in commercial kitchen use.

This unit is categorized as a hot dog roller grill for commercial kitchen use. It includes a 1-year warranty by the manufacturer.
