WARRANTY

Parts & Labor: 1 Year

Compressor: 5 Year

SPECIAL FEATURES

- ✓ **High Ice Output**
Produces up to 420 lb of full cube ice in 24 hours for restaurant beverage service and food handling applications.
- ✓ **Self-Clean System**
The self-clean system supports routine cleaning procedures in foodservice environments.
- ✓ **Air-Cooled Design**
An air-cooled condenser and R290 refrigerant are incorporated into the ice machine design.
- ✓ **Digital Operation**
Digital controls and a digital display provide operational information for commercial kitchen staff.
- ✓ **Adjustable Ice Thickness**
Adjustable ice thickness settings provide flexibility for different beverage and restaurant applications.
- ✓ **Certified & Warranted**
The unit is cETLus certified and includes a 1-year parts and labor warranty by the manufacturer, along with a 5-year compressor warranty.

PRODUCT OVERVIEW

The ProKitchen Series Air Cooled Modular Ice Machine Head is designed for restaurants, cafés, bars, and commercial kitchens requiring full cube ice production. It produces up to 420 lb of ice in 24 hours and features an air-cooled condenser with R290 refrigerant. The unit includes a digital display and digital controls for operation. Its dimensions are 17.72" (W) x 22.28" (D) x 20" (H), and it is constructed from stainless steel.

The ProKitchen Series Air Cooled Modular Ice Machine Head is a freestanding ice machine for foodservice and beverage operations. It operates on 115 V, 10.2 A, single-phase power at 60 Hz and uses a NEMA 5-15P plug. Features include adjustable ice thickness, a side-located air filter, and a self-clean system. Foamed-in-place polyurethane insulation is incorporated into the unit design.

The ProKitchen Series Air Cooled Modular Ice Machine Head produces full cube ice with a daily production capacity of 420 lb. The stainless steel construction is suited to commercial kitchen environments. Digital controls and a digital display provide operational information, while the air-cooled condenser uses R290 refrigerant. The unit is certified to cETLus standards.

The ProKitchen Series Air Cooled Modular Ice Machine Head is intended for restaurants, catering operations, and beverage service areas. It features a self-clean system, adjustable ice thickness settings, and a side-located air filter for routine maintenance access. The unit measures 17.72" (W) x 22.28" (D) x 20" (H). It includes a 1-year parts and labor warranty by the manufacturer and a 5-year compressor warranty.
