Rated to operate in ambient temperatures up to  $100.4^{\circ}\text{F}$ .
- ✓ **Warranty Coverage**  
Protected with 6-month parts, labor, and 6-month compressor warranty.

## PRODUCT OVERVIEW

The CoolEdge Series CECF20 Combo Chest Freezer & Refrigerator is designed for compact commercial storage in restaurants, hotels, catering facilities, and small foodservice operations seeking commercial chest freezers with flexible performance. Built with a gray coated steel exterior and aluminum interior, this unit offers a 3.25 cb3 capacity, making it suitable for operators looking for quality chest freezers without sacrificing functionality.

This freestanding unit operates on 115 V, 60 Hz, single-phase power, drawing 1.7 A with a NEMA 5-15P plug and 80 W wattage. A bottom-mounted, rear-breathing compressor paired with R-600A refrigerant supports dual-mode operation, allowing use as one of the most space-efficient commercial chest freezers available or as a refrigerator when needed.

Temperature flexibility allows freezer operation down to -0.4°F or refrigerator operation between 32°F and 41°F, with reliable performance in ambient conditions up to 100.4°F. This makes it suitable for kitchens and prep areas where best commercial chest freezers are required to handle varied storage needs.

Shop for the Best Commercial Chest Freezers

The unit includes one solid hinged lid, one coated steel basket with a 66 lb capacity, and four casters for easy movement. Compact dimensions of 21 in (W) × 21 in (D) × 33 in (H) and an 8.2 ft power cord support flexible placement in tight commercial spaces. Certified CE and SASO, this model includes a 6-month parts & labor warranty and a 6-month compressor warranty.
