 Auto defrost system reduces frost buildup for easier upkeep.
- Reliable Cooling**  
 3/7 HP compressor with R290 refrigerant supports the specified temperature range.
- Durable Build**  
 Vinyl-coated steel construction in black with a 1.5" stainless steel countertop.
- Flexible Shelving**  
 Six epoxy-coated adjustable shelves for organized storage.
- Secure Access**  
 Two glass swing doors with keyed lock for product safety.
- Bright Interior**  
 LED lighting improves visibility of stored items.
- Warranty Coverage**  
 6-month Parts & Labor, 6-month compressor warranty.

## PRODUCT OVERVIEW

The CoolEdge Series Back Bar Cooler (CEBBC35) is designed for bars, cafes, and restaurants needing compact refrigerated storage with visibility and secure access. It offers 6 cu. ft. of storage capacity with two glass swing doors secured by a keyed lock. Six adjustable epoxy-coated shelves allow flexible organization, while LED interior lighting enhances product visibility.

A 3/7 HP bottom-mounted compressor uses R290 refrigerant and a digital control system with LED display, supporting a temperature range of 33°F–41°F. The auto defrost system reduces frost buildup, simplifying maintenance.

Constructed from vinyl-coated steel in black with a 1.5" stainless steel countertop, the cooler measures 35 in (W) × 20 in (D) × 35 in (H) and is designed for freestanding installation. It includes a 6 ft power cord with NEMA 5-15P plug.

This back bar cooler comes with a 6-month parts & labor warranty and a 6-month compressor warranty, providing reliable and durable refrigeration for professional use.
