WARRANTY

1 Year Limited Warranty

SPECIAL FEATURES

- **Polyurethane Wheel**
  Polyurethane material forms the wheel surface for rolling on commercial kitchen flooring.
- **Brake Function**
  Caster with break type includes a braking mechanism for holding equipment in position.
- **Refrigeration Use**
  Specified for reach-in refrigerators and freezers in restaurant and foodservice storage areas.
- **Steel Frame**
  Zinc-plated steel construction provides structural support for refrigeration equipment weight.
- **4-Inch Size**
  4 in caster size defines the wheel diameter for compatible installation on reach-in units.
- **Limited Warranty**
  Includes a 1-year limited warranty by the manufacturer for documented service coverage.

PRODUCT OVERVIEW

The Medal Equipment caster is designed for reach-in refrigerators and freezers used in commercial kitchen environments such as restaurants, catering units, and foodservice storage areas. It is classified as a caster and functions as a mobility and positioning component for compatible refrigeration equipment. The design supports routine equipment movement within food handling and storage spaces.

This caster is constructed from polyurethane and zinc-plated steel, combining a durable wheel surface with a reinforced metal frame. The polyurethane material aligns with smooth rolling across common commercial kitchen floors, while the zinc-plated steel structure provides rigid support. The silver-toned metal finish aligns with typical refrigeration hardware.

The unit is specified as a caster with break, incorporating a braking mechanism for holding equipment in place when positioned. This caster type supports controlled movement and stationary placement during cleaning or servicing tasks. It features a 4 in caster size, defining the wheel diameter for installation and replacement reference.

Manufactured by Medal Equipment, this caster is supplied as a single unit for direct installation on designated equipment. It serves as a replacement or fitting part for compatible reach-in refrigerators and freezers. It includes a 1-year limited warranty by the manufacturer, providing stated coverage for the specified service period.
