

Breader/Blender/Sifter

SPECIFICATION

The AyrKing BBSUL6035 offers a breadmaking workstation and automatic Blender/Sifter machine with integrated ice bath prep area. Rotary brush sifter operates without detrimental vibration or agitation. Spirally configured nylon bristles form an auger to eject unwanted dough balls to a waste container. Ingredients are fully blended as brush tumbles breadmaking media before it exits through sifter screen. Unique process prevents dough ball grinding, eliminates usual sifting noise, & blends ingredients as it ejects waste.

ADVANTAGES

- ◆ Sift and blend 30 lbs (14 kg) of breadmaking in 60 seconds!
- ◆ Rotary auger brush blends, sifts, and ejects dough balls simultaneously
- ◆ Blending brush action prevents ingredient segregation, unlike vibrating or agitating systems
- ◆ Quiet, vibration-free operation creates results, not disturbances
- ◆ Sixty second timed cycle frees labor and saves energy
- ◆ Fully enclosed sifter with only four internal parts, reduces dust and allows quick and easy cleaning
- ◆ Direct drive, steel geared motor & solid stainless steel fabrication provide lasting performance
- ◆ Ice bath keeps pans at safe temperatures, draining with a 1" flexible hose (not provided) to any preexisting drain.

INCLUDED ACCESSORIES

B101	Red Plastic Lug Plug
B160S	White Bristle Brush, 20" Long (Qty. 2)
B302	White Plastic Breadmaking Lug w/Hole
B303	White Plastic Breadmaking Lug w/o Hole
B325	White Plastic Lug Cover
B611	S/S Dough Ball Pan
B603	5" Locking Swivel Caster w/Square Stem
B235LH or B235RH	S/S Batter Drip Guard

OPTIONAL ACCESSORIES

B116	S/S Full Size Pan, 6" Deep (Shown, Not Included)
B126	S/S Wire Rectangular Feathering Basket
B619	S/S Wire Batter Basket
