WARRANTY

10-Year Panel, 1-Year Door Parts, 2-Year Compressor & Parts, 1-Year Labor on Refrigeration Unit

SPECIAL FEATURES

- ✓ **Effective Insulation Performance**
4-inch polyurethane insulation with R-28 thermal resistance maintains stable internal temperatures

✓ **Easy Assembly**
Modular cam-lock panels with tongue-and-groove design fit tightly for easy installation.

✓ **Space-Saving Setup**
Top-mounted compressor maximizes interior storage and maintains even airflow.

✓ **Certified Safety**
UL, NSF, and DOE certifications meet safety and efficiency requirements.
- ✓ **Secure Access System**
Solid swing door with keyed lock and self-closing, flush-mounted design provides secure access.

✓ **Reliable Cooling**
Self-contained refrigeration system with R-448A refrigerant provides consistent cooling.

✓ **Durable Construction**
White galvanized steel with flooring offers long-lasting strength and easy cleaning.

✓ **Comprehensive Warranty**
10-year panel, 1-year door parts, 2-year compressor & parts, and 1-year labor coverage.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler is designed for indoor or outdoor commercial use requiring reliable cold storage. Made in America, it is constructed from white galvanized steel with flooring, offering a durable and easy-to-maintain setup. The unit measures 6 ft (W) x 8 ft (D) x 7 ft (H), providing ample storage space for commercial refrigeration needs.

It includes a condensing unit and evaporator in a self-contained refrigeration design that uses R-448A refrigerant, providing consistent cooling throughout the storage space. Built with 4-inch polyurethane insulation and R-28 thermal resistance, the cooler maintains stable internal temperatures efficiently. A solid swing door with keyed lock and self-closing, flush-mounted design provides secure access.

Modular cam-lock panels with tongue and groove construction allow precise assembly and create a tight-fitting structure that reduces air leakage. Operating on 1-phase, 208/230 V, 60 Hz power, the top-mounted compressor maximizes interior storage while maintaining even cooling. Certified by UL, NSF, and DOE standards, the PolarBox Series walk-in cooler meets safety and efficiency requirements.

Warranty coverage includes 10-year panels, 1-year door parts, 2-year compressor and parts, and 1-year labor.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	79 inch	Product Depth	98 inch
Product Height	87 inch	Door Height	77 inch
Nominal Depth	8 ft	Nominal Width	6 foot
Hertz	60 hertz	Phase	1 Phase
Voltage	208/230 volt	Door Type	Solid
Insulation Thickness	4 inch	Insulation Material	Polyurethane
Door Lock	Keyed Lock	Material	White Galvanized Steel
Type	Walk-In Cooler	Floor	With Floor
Plug Type	Hardwired	Refrigerant Type	R-448A
Usage	Indoor/Outdoor	Country of Origin	Proudly Made in America

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Selling Unit	1/Each	Door Style	Swing
Gauge	24 Gauge	Thermal Resistance	R-28
Features	Self-Closing, Flush-Mounted Door	Included	Condensing Unit and Evaporator
Number of Doors	1 Door	Nominal Height	7 foot
Compressor Location	Top Mounted	Hinge Type	Modular Cam-Lock, Tongue & Groove Design
Refrigeration Type	Top Mounted Refrigeration	Material Type	CFC & HFC Free
Series	PolarBox Series	Floor Material	Standard Galvanized Steel Floor
