WARRANTY

**10-Year Panel, 1-Year
Parts on Doors, 1-Year
Compressor & Parts on
Remote Refrigeration
Unit**

SPECIAL FEATURES

- Consistently Perfect Temperatures**
 4-inch polyurethane insulation with R-28 thermal resistance keeps your stored items at precise, reliable temperatures.
- Durable Construction**
 24-gauge white galvanized steel construction ensures long-term durability for high-demand commercial use.
- Energy Efficient**
 Self-closing flush-mounted door with keyed lock prevents cold air from escaping during frequent access.
- Stable Power**
 1-phase, 208/230V, 60Hz hardwired connection delivers steady performance under commercial loads.
- Warranty Protection**
 10-year panel warranty with 1-year coverage for door parts and refrigeration components provides long-term protection for your investment.
- Dependable Cooling Performance**
 Built-in condensing unit and evaporator maintain even, consistent refrigeration across the cooler.
- Easy Installation**
 Modular cam-lock, tongue & groove panels enables fast, adaptable installation in any kitchen layout.
- Safe & Compliant**
 UL, NSF, and DOE certified, with CFC & HFC-free operation meeting regulatory standards.
- Flexible Placement**
 Suitable for both indoor and outdoor installations, adapting to different kitchen configurations.

PRODUCT OVERVIEW

PolarBox Series Walk-In Cooler is a self-contained refrigeration unit ideal for commercial kitchens, restaurants, and food storage operations. Made in America, it is constructed from 24-gauge white galvanized steel, it offers durable structural strength. Its 4-inch polyurethane insulation with R-28 thermal resistance maintains consistent interior temperatures, while the modular cam-lock, tongue & groove design allows flexible installation.

The unit includes a solid swing door with self-closing flush-mounted design and keyed lock, reducing temperature loss during frequent access. It operates on a 1-phase, 208/230 V, 60 Hz hardwired power supply, with a thermostatic expansion valve and liquid line solenoid (TXV/TEV) for precise refrigeration control. Designed for indoor and outdoor usage, it is CFC & HFC free and UL, NSF, DOE certified for safety and compliance.

This commercial walk-in cooler comes with a condensing unit and evaporator, supporting reliable self-contained refrigeration. The dimensions are 8 ft W x 10 ft D x 7 ft H, with a door height of 77in. Warranty covers 10-year panels, 1-year door parts, and 1-year compressor & parts on the remote refrigeration unit. Its design supports efficient storage, easy access, and long-term durability, making it suitable for high-demand food service environments.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	98 inch	Product Depth	118 inch
Product Height	87 inch	Door Height	77 inch
Nominal Depth	10 ft	Nominal Width	8 foot
Hertz	60 hertz	Phase	1 Phase
Voltage	208/230 volt	Door Type	Solid
Insulation Thickness	4 inch	Insulation Material	Polyurethane
Door Lock	Keyed Lock	Material	White Galvanized Steel
Type	Walk-In Cooler	Floor	Without Floor
Plug Type	Hardwired	Usage	Indoor/Outdoor
Country of Origin	Proudly Made in America	Selling Unit	1/Each

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Door Style	Swing	Gauge	24 Gauge
Thermal Resistance	R-28	Features	Self-Closing, Flush-Mounted Door
Valve Type	Thermostatic Expansion, Liquid Line Solenoid Valve (TXV/TEV)	Included	Condensing Unit and Evaporator
Number of Doors	1 Door	Nominal Height	7 foot
Hinge Type	Modular Cam-Lock, Tongue & Groove Design	Material Type	CFC & HFC Free
Series	PolarBox Series	Refrigeration Type	Remote Refrigeration
Refrigerant Type	R-448A
