WARRANTY

1 Year Limited Warranty

SPECIAL FEATURES

- **Polyurethane Wheel**
  Polyurethane material forms the wheel surface for rolling on commercial kitchen floors.
- **Normal Caster Type**
  Specified as a normal caster for standard movement of reach-in refrigerators and freezers.
- **Refrigeration Use**
  Listed for reach-in refrigerators and freezers used in restaurant and foodservice storage.
- **Steel Frame**
  Zinc-plated steel construction provides a rigid support structure for refrigeration equipment.
- **4-Inch Size**
  4 in caster size defines the wheel diameter for compatible installation and replacement.
- **Limited Warranty**
  Includes a 1-year limited warranty by the manufacturer for documented coverage.

PRODUCT OVERVIEW

The Medal Equipment caster is designed for reach-in refrigerators and freezers used in commercial kitchen environments such as restaurants, catering units, and foodservice storage areas. It is classified as a caster and functions as a mobility component for supporting and repositioning compatible refrigeration equipment. The design aligns with routine movement and placement tasks within food handling spaces.

This caster is constructed from polyurethane and zinc-plated steel, combining a resilient wheel surface with a reinforced metal structure. The polyurethane material aligns with smooth rolling across common kitchen floors, while the zinc-plated steel frame provides a rigid support base. The material combination matches typical hardware used on commercial kitchen refrigeration units.

The unit is specified as a normal caster type, indicating a standard rolling configuration for equipment movement. It features a 4 in caster size, defining the wheel diameter for installation and replacement reference. The stated size assists technicians when matching compatible parts for reach-in refrigerators and freezers during servicing.

Manufactured by Medal Equipment, this caster is supplied as a single unit for direct installation on designated equipment. It serves as a replacement or fitting part for compatible refrigeration units in commercial kitchens. It includes a 1-year limited warranty by the manufacturer, providing stated coverage for the specified service period.
