SPECIAL FEATURES

- ✓ **High Heat Output**
Three stainless steel burners deliver a combined 90,000 BTU/hr for consistent, high-volume cooking.

✓ **Manual Heat Control**
Heavy-duty knobs with heat protection grips provide precise temperature adjustments.

✓ **Propane-Ready Connection**
3/4 in gas inlet designed for liquid propane operation.
- ✓ **Thick Griddle Plate**
1/2" stainless steel surface ensures even heat distribution and supports high-volume grilling.

✓ **Commercial Certified**
NSF-approved and ETL-listed to meet industry standards.

✓ **Warranty Coverage**
1-year parts and labor warranty included.

PRODUCT OVERVIEW

The KitchenCore Series Commercial Gas Griddle (KCGG36) is ideal for restaurants, hotels, and catering operations that need a reliable cooking surface for high-volume meal preparation. It is constructed from stainless steel with a silver finish, withstanding daily commercial use.

This commercial griddle has three stainless steel burners, each rated at 30,000 BTU/hr, for a total output of 90,000 BTU/hr. The cooking plate is ½" thick, providing an even cooking surface.

It uses manual controls with heavy-duty metal knobs that include heat protection grips. The griddle operates on gas and connects through a 3/4 in inlet designed for liquid propane.

The unit measures 36 in (L) × 30 in (W) × 14 in (H). It is NSF-approved and ETL-listed and comes with a 1-year parts and labor warranty.
