1 Year Warranty

SPECIAL FEATURES

- ✓ **Consistent Chill Range**
A 36°F to 46°F operating temperature keeps chilled pastries, mousses, and cream-filled baked goods within safe holding parameters across a full service day.

✓ **Clear Product Visibility**
The curved double tempered glass front and sides give customers an unobstructed view of displayed items from multiple angles at the counter.

✓ **Certified for Commercial Use**
ETL Listed, ETL Sanitation Listed, and DOE Compliant certifications confirm the unit meets established safety, sanitation, and energy standards for commercial food service operations.
- ✓ **Hands-Free Defrost**
Automatic defrost cycles eliminate the need for staff to intervene, reducing labor demands during busy bakery or café service hours.

✓ **Easy Interior Cleaning**
The front glass panel swings upward for straightforward access to the stainless steel interior, supporting sanitation routines in a commercial kitchen environment.

✓ **Covered by Warranty**
This display case is backed by a 1-Year Warranty, providing a defined period of coverage for commercial kitchen operators after purchase.

PRODUCT OVERVIEW

The Frigomax Series 59" Refrigerated Bakery Display Case is a freestanding curved-glass unit designed for bakeries, cafés, patisseries, and commercial kitchens that need to merchandise chilled baked goods, pastries, and prepared foods at consistent holding temperatures.

The unit maintains a temperature range of 36°F to 46°F, supported by automatic defrost and R-290 refrigerant, making it well-suited for day-long display service without manual intervention. The 16.4 cubic foot stainless steel interior provides substantial holding capacity for tiered trays and platters across a full service shift.

The curved double tempered glass construction including double tempered glass doors allows clear 180° product visibility from across a service counter, while the front glass swings up to provide straightforward cleaning access without disassembly. Integrated LED lighting illuminates displayed items evenly throughout operating hours.

At 59.1" (W) x 26.8" (D) x 47.2" (H), the case fits within a standard front-of-house or counter service layout. It draws 5.2 amperes at 110 volts (560 watts, 60 Hz), and included leg levelers allow stable positioning on uneven floor surfaces. The unit is ETL Listed, ETL Sanitation Listed, and DOE Compliant, and carries a 1-Year Warranty.
