Unit**

SPECIAL FEATURES

- Large Storage Capacity**
 118" x 315" x 87" structure supports bulk cold storage requirements in commercial kitchen operations.
- Insulated Panel Build**
 4-inch polyurethane insulation supports R-28 thermal resistance for temperature control in food storage environments.
- Swing Door Access**
 Single solid swing door with 77-inch height supports structured entry for food handling operations.
- Cam-Lock Assembly**
 Modular cam-lock and tongue & groove panel system supports structured installation and alignment.
- CFC Free Material**
 CFC & HFC-free insulation material supports regulated refrigeration construction standards.
- Remote Refrigeration System**
 Includes condensing unit and evaporator designed for external refrigeration setup.
- Certified Construction**
 UL Listed US, NSF Listed, and DOE certifications support commercial kitchen compliance requirements.
- Self-Closing Door**
 Self-closing flush-mounted door supports controlled access in restaurant cold storage environments.
- Indoor Outdoor Use**
 Designed for both indoor and outdoor commercial kitchen installation environments.
- Extended Warranty Coverage**
 Includes 10-year panel warranty, 1-year door parts warranty, and 1-year compressor and refrigeration parts warranty.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler is a commercial refrigeration unit designed for food storage in restaurants, commercial kitchens, and food service operations requiring controlled cold storage space. It is constructed with white galvanized steel for exterior durability and structured for indoor and outdoor installation. The unit operates on remote refrigeration with included condensing unit and evaporator for system integration.

The cooler measures 118" (L) x 315" (W) x 87" (H) with a nominal size of 10 ft width, 26 ft depth, and 7 ft height, providing large-scale cold storage capacity. The structure uses 4-inch polyurethane insulation with R-28 thermal resistance for temperature retention performance. It operates on a 1-phase, 208/230 V, 60 Hz electrical supply with hardwired plug type connection.

Door construction includes a single solid swing door with 77-inch height, self-closing function, flush-mounted design, keyed lock, and modular cam-lock tongue & groove system. The door configuration supports controlled access in commercial kitchen environments. The floorless design supports installation flexibility for different site requirements.

The unit uses CFC & HFC-free insulation material and includes thermostatic expansion valve (TXV/TEV) with liquid line solenoid valve for refrigeration flow control. It is UL Listed US, NSF Listed, and DOE certified. The system includes a 10-year panel warranty, 1-year parts warranty on doors, and 1-year compressor and remote refrigeration parts warranty.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	118 inch	Product Depth	315 inch
Product Height	87 inch	Door Height	77 inch
Nominal Depth	26 ft	Nominal Width	10 foot
Nominal Height	7 foot	Hertz	60 hertz
Phase	1 Phase	Voltage	208-230 volt
Door Style	Swing	Door Type	Solid
Insulation Thickness	4 inch	Insulation Material	Polyurethane
Hinge Type	Modular Cam-Lock, Tongue & Groove Design	Door Lock	Keyed Lock
Material	White Galvanized Steel	Type	Walk-In Cooler
Floor	Without Floor	Plug Type	Hardwired

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Refrigeration Type	Remote Refrigeration	Usage	Indoor / Outdoor
Country of Origin	Proudly Made in America	Selling Unit	1/Each
Gauge	24 Gauge	Thermal Resistance	R-28
Material Type	CFC & HFC Free	Features	Self-Closing, Flush-Mounted Door
Valve Type	Thermostatic Expansion, Liquid Line Solenoid Valve (TXV/TEV)	Number of Doors	1 Door
Included	Condensing Unit and Evaporator	Series	PolarBox Series
Door Width	Choice of 30" or 36"	Compressor Location	Remote
