The shelf ingredient bin design supports placement on storage shelves and preparation stations.
- ✓ **Warranty Included**
It includes a 1-year limited warranty by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Shelf Ingredient Bin is designed for commercial kitchen ingredient storage in restaurants, bakeries, cafés, and food preparation areas. Constructed from white polypropylene (PP), it provides organized storage for dry ingredients while fitting on shelving systems and prep stations.

The bin features a 5.3-gallon capacity with a storage volume of up to 133 cups, making it suitable for holding ingredients used in daily food preparation workflows. Its compact design supports placement in commercial kitchen storage and ingredient handling areas.

A clear polycarbonate (PC) lid allows visibility of stored contents without opening the container. The bin includes a patented cover with a lifted lid and hinged cover design, providing access to ingredients during food preparation and inventory management tasks.

The unit measures 11.4" (L) x 23.3" (D) x 17" (H) and includes a lid as standard. It is NSF Certified for commercial kitchen applications and includes a 1-year limited warranty by the manufacturer.
