1 Year Warranty

SPECIAL FEATURES

- ✓ Generous Display Space**
 The 19.9 cu ft interior holds a wide variety of pastries, cakes, and chilled items, reducing the frequency of restocking during peak service hours.
- ✓ Low-GWP Refrigerant**
 R-290 refrigerant is a natural, low global warming potential option that aligns with current environmental compliance expectations in commercial kitchen settings.
- ✓ Recognized Safety Certifications**
 ETL Listed, ETL Sanitation Listed, and DOE 2017 Compliant certifications confirm the unit meets established safety, sanitation, and energy efficiency standards for restaurant and food service use.
- ✓ Clear Product Visibility**
 The curved tempered glass front and glass shelves give customers an unobstructed view of displayed goods from multiple angles, supporting faster purchasing decisions at the counter.
- ✓ Standard Circuit Compatible**
 At 110V, 60 Hz, and 6.2 amperes, this serve-over counter fits into most existing commercial electrical setups without requiring dedicated high-voltage wiring.
- ✓ Included Warranty Coverage**
 A 1-year warranty accompanies the unit, providing a defined period of coverage for commercial kitchen operators after purchase.

PRODUCT OVERVIEW

The Frigomax Series 62" curved glass bakery display case is a freestanding serve-over counter unit designed for bakeries, patisseries, cafes, and commercial kitchens that need to present refrigerated and dry goods in an attractive, accessible format.

The unit measures 37" (L) x 62.2" (W) x 47.2" (H) and offers 19.9 cubic feet of interior capacity, providing enough room to stock a broad selection of pastries, cakes, sandwiches, and chilled items throughout a busy service period. The curved tempered glass front and glass shelves give customers a clear, unobstructed view of merchandise from multiple angles.

Refrigeration is handled using R-290 refrigerant, a low-GWP option suited for commercial kitchen environments with environmental compliance requirements. The unit maintains a temperature range of 32 to 41 degrees Fahrenheit, appropriate for storing perishable baked goods and chilled confections. LED lighting illuminates the interior evenly, highlighting displayed items without generating excessive heat.

Running on 110V at 60 Hz and drawing 6.2 amperes at 500 watts, the display case fits standard commercial electrical circuits. It carries ETL Listed, ETL Sanitation Listed, and DOE 2017 Compliant certifications, reflecting compliance with recognized safety, sanitation, and energy standards. The unit is covered by a 1-year warranty.
