Curved open air structure supports grab-and-go food presentation in commercial environments.
- Multi-Level LED Lighting**
LED lighting at top and under each shelf supports visibility for food display.
- Certified Unit**
cETLus Listed, ETL Sanitation Listed, and NSF Certified with a 1-year warranty by the manufacturer.

PRODUCT OVERVIEW

The ChillCore Series Display Merchandiser is designed for commercial kitchen, café, and retail food display applications. It features a freestanding installation type with a curved open air refrigerated design. The unit measures 21.5" (W) x 26.6" (D) x 60.1" (H).

The structure is built with stainless steel and glass in a silver and black finish. It includes tempered glass at 2 sides for visibility and durability. The unit is equipped with 3 adjustable stainless steel shelves for organized food presentation in compact retail spaces.

This unit offers a capacity of 8.8 cb3 and operates with ventilated cooling, a bottom mounted compressor, and R290 refrigerant system support. It includes automatic defrost, automatic condensate evaporation, and a rear side condenser arrangement for refrigeration performance.

The temperature range is 35.6°F to 50°F with a digital temperature controller and display. LED lighting is installed at the top and under each shelf. It includes a curtain and operates on 115 V, 60 Hz with 11.8 A. The unit is equipped with 4 casters with 2 brakes. It is cETLus Listed, ETL Sanitation Listed, and NSF Certified, and includes a 1-year warranty by the manufacturer.
