SPECIAL FEATURES

- Spacious Capacity**
 36 cu. ft. total storage provides ample room for storing items in bulk.
- Durable Construction**
 Stainless steel body provides long-lasting performance and easy cleaning.
- Wide Temperature Range**
 Refrigerator maintains 33°F to 41°F while freezer stays between -8°F and 0°F for versatile storage needs.
- Adjustable Organization**
 Six coated wire shelves can be repositioned to accommodate products of varying sizes.
- Easy Mobility**
 Four swivel casters, three with brakes, allow smooth movement and secure placement.
- Two-Section Design**
 Separate refrigerator and freezer sections help store perishable and frozen goods efficiently.
- Precise Temperature Control**
 Digital controls allow easy adjustment and monitoring of temperatures for both sections.
- Efficient Cooling**
 Top-mounted compressor with R-290 refrigerant delivers reliable and effective cooling.
- Enhanced Visibility**
 LED interior lighting improves product visibility and makes stock management easier.
- Certified Safety**
 ETL Listed, ETL Sanitation, and DOE Certified to meet commercial foodservice standards.

PRODUCT OVERVIEW

The ChillCore Series CCRFC48 is a commercial freestanding combo refrigerator freezer ideal for restaurants, cafes, and catering operations that require separate refrigeration and freezing in one compact unit. It has a total capacity of 36 cubic feet across two sections. It features 2 solid swing doors with left or right hinges for easy access.

This unit features 6 adjustable coated wire shelves that allow flexible storage arrangements. It operates with a top-mounted compressor using hydrocarbon-classified R-290 refrigerant, maintaining temperatures from 33°F to 41°F in the refrigerator section and -8°F to 0°F in the freezer section. The digital temperature control provides consistent cooling, and its auto-defrost system helps reduce ice buildup.

This commercial reach-in refrigerator is made with stainless steel and features LED lighting that improves visibility of stored items. It runs on 115 V, 60 Hz, single-phase power with a NEMA 5-15P plug and consumes 713 W. This refrigerator includes 4 swivel casters, 3 with brakes, for mobility and stability.

The overall external dimensions of this refrigerator are 48.4 in (W) × 31.5 in (D) × 74 in (H), ideal for compact kitchen spaces. ETL Listed, ETL Sanitation Listed, and DOE Certified, this unit comes with a 1-year warranty for added support.
