WARRANTY

1 Year Warranty

SPECIAL FEATURES

✓ Capacity

The 20.5 cubic foot interior distributes usable frozen storage across three separate door sections for organized ingredient access in a commercial kitchen.

✓ EC Fan Motor

The EC fan motor stops operation when a door is opened, reducing energy draw and maintaining stable frozen temperatures during routine access.

✓ Heavy-Duty Casters

Heavy-duty casters with brakes allow the unit to be moved for cleaning or repositioning and then locked firmly in place on the commercial kitchen floor.

✓ Certifications

ETL Listed and ETL Sanitation Listed certifications confirm this undercounter freezer meets established safety and sanitation requirements for commercial food service use.

✓ Electronic Temperature Control

An electronic temperature controller maintains a precise range of 0°F to -8°F, supporting consistent frozen storage conditions for restaurant ingredients.

✓ 1-Year Warranty Coverage

This undercounter freezer is backed by a 1-Year Warranty, providing defined coverage for commercial kitchen operators after purchase.

PRODUCT OVERVIEW

The Frigomax Series 72" Undercounter Freezer is a three-door solid-door freezer suited for commercial kitchens, restaurants, and food service operations requiring below-counter frozen storage in a stainless steel build.

Measuring 30" (L) x 72 11/16" (W) x 35 9/16" (H), this undercounter freezer holds 20.5 cubic feet of storage across three sections, each accessible through left- or right-hinged solid doors. The unit maintains a temperature range of 0°F to -8°F, controlled by an electronic temperature controller, making it a reliable option for storing frozen ingredients and prepared foods. Three epoxy-coated shelves are included across the cabinet, providing a durable, easy-to-clean interior surface.

Self-closing doors with a 90° stay-open feature support efficient kitchen workflow. The evaporation fan stops when a door opens, and the unit uses an EC fan motor for optimized operation. Electrical specs include 115V, 60Hz single-phase power at 4.1A, with a 1/2 HP compressor and NEMA 5-15P plug for standard kitchen outlets. Heavy-duty casters with brakes allow repositioning and secure locking.

The Frigomax Series Undercounter Freezer carries ETL Listed and ETL Sanitation Listed certifications, confirming it meets recognized safety and sanitation standards for commercial food service environments. This unit is sold individually and backed by a 1-Year Warranty.
