SPECIAL FEATURES

- ✓ **High Production Output**
Processes up to 660 lb per hour, ideal for heavy daily grinding needs.
- ✓ **Powerful Gear-Driven Motor**
1.5 HP motor delivers reliable and consistent performance.
- ✓ **Corrosion-Resistant Construction**
Anodized aluminum alloy and stainless steel support long-term commercial use.
- ✓ **Multiple Grinding Options**
Includes 4.5 mm, 8 mm, and 10 mm plates for versatile texture control.
- ✓ **Built-In Safety Feature**
Waterproof emergency stop switch enhances operational control.
- ✓ **Certified for Commercial Use**
cETLus and cUL listings confirm compliance with industry standards.

PRODUCT OVERVIEW

The PrepMaster Series Electric Meat Grinder is engineered for high-volume commercial use. Built from anodized aluminum alloy and stainless steel, it offers strong resistance to rust, salt, and acid, making it suitable for demanding kitchen environments.

Powered by a 1.5 HP (1100 W) gear-driven motor, this unit delivers an impressive grinding capacity of up to 660 lb per hour. Operating on 110 V, 60 Hz, single-phase power, it provides steady performance for continuous production.

The PMEMG660 features a #22 hub and includes 4.5 mm, 8 mm, and 10 mm grinding plates along with a star knife, allowing flexibility for different textures and menu requirements. Intuitive controls simplify operation during busy prep times.

Measuring 24" W x 10" L x 18" H and weighing 55 lb, the grinder is equipped with a waterproof emergency stop switch for added safety. It is cETLus and cUL listed and backed by a 1-year parts and labor warranty.
