WARRANTY

2 Years Warranty

SPECIAL FEATURES

- ✔ **CO₂ Fire Agent**
Carbon dioxide fire extinguisher supports controlled discharge for Class B and Class C fire situations in commercial environments.
- ✔ **Wall Mount Design**
Wall-mounted configuration supports structured placement in foodservice and kitchen safety zones.
- ✔ **Certified Safety**
UL Listed, ULC Listed, DOT Compliant, and USCG Approved unit supports commercial safety compliance requirements.
- ✔ **Electrical Safety Use**
Non-conductive discharge supports use around electronic equipment and commercial kitchen electrical systems.
- ✔ **Controlled Discharge**
9-second discharge time with 4–8 ft range supports targeted fire response in operational areas.
- ✔ **Warranty Coverage**
It includes a 2 years warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series Fire Extinguisher is designed for commercial kitchens, foodservice facilities, and equipment protection areas requiring controlled fire safety response. Constructed from aluminum and metal in a red powder-coated finish, it is configured for wall-mounted installation. The unit measures 12" (L) x 6.89" (W) x 19.75" (H) and includes a 10 lb agent capacity for Class B and Class C fire applications in commercial environments.

The ChefPro Series Fire Extinguisher operates as a carbon dioxide (CO₂) type unit with a UL Rating of 10-B:C, supporting fire response for flammable liquids and electronic equipment. It features a discharge range of 4–8 ft and a 9-second discharge time for controlled application in foodservice and commercial kitchen areas. The temperature range of -22°F to 120°F supports varied storage environments.

The ChefPro Series Fire Extinguisher is designed with a pre-charged, rechargeable, untagged configuration and supports non-conductive discharge for use around electrical equipment. It includes wall mount installation style and is suitable for use in areas handling flammable liquids and sensitive electronic systems in commercial kitchens and foodservice facilities.

The ChefPro Series Fire Extinguisher is UL Listed, ULC Listed, DOT Compliant, and USCG Approved for safety compliance in commercial applications. It includes a 2 years warranty by the manufacturer. The shipping weight is 27.75 lb, supporting logistics and installation planning in commercial safety systems.
