1 Year Warranty

SPECIAL FEATURES

- ✓ **High Output**
Delivers 60+ cups per hour, supporting continuous hot water demand in a commercial kitchen or restaurant workflow.
- ✓ **Digital Control**
Features a digital dial with manual temperature control, allowing chefs to adjust temperatures between 140°F and 208°F.
- ✓ **Compact Size**
Measures 8" x 9" x 12", supporting installation in under sink spaces within commercial kitchen environments.
- ✓ **Durable Build**
Constructed with brass, copper, and stainless steel, including a stainless steel tank for food handling applications.
- ✓ **Flexible Mounting**
Supports wall or floor mount installation, adapting to different restaurant kitchen layouts.
- ✓ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer along with a bottom access design for maintenance access.

PRODUCT OVERVIEW

The ChefPro Series Hot Water Dispenser is an electric unit designed for chefs and staff in a commercial kitchen requiring controlled hot water access. It operates on 110 V with 60 Hz and uses 1300 W power, supporting consistent heating for food handling and preparation tasks. The unit features a digital dial control with manual temperature adjustment for operational control.

This digital hot style dispenser has a capacity of 2.5 qt and delivers an output of 60+ cups per hour, supporting repeated usage in restaurant environments. The temperature range spans from 140°F to 208°F, offering flexibility for different kitchen applications. Its under sink installation type supports organized workspace layouts in commercial kitchen setups.

Constructed with brass, copper, and stainless steel, the unit includes a stainless steel tank suited for routine use in food service areas. The silver finish aligns with standard kitchen equipment. It includes a brushed nickel single-lever faucet, supporting controlled dispensing during service.

The dispenser measures 8" (W) x 9" (D) x 12" (H) and features a bottom access design for maintenance access. The wall or floor mount mounting style supports flexible installation. It includes a 1-year warranty by the manufacturer.
