- ✓ **Certified and Covered**
cULus and NSF certifications confirm compliance with safety standards, backed by a 1-year warranty.

PRODUCT OVERVIEW

The PrepMaster Series 23" Electric Salamander is designed for cafés, small restaurants, and eateries. Constructed from heavy-duty stainless steel with full insulation, it supports toasting, grilling, and melting cheese with variable grilling control.

Powered by 208–240 V and 2400 W, it features independent upper and lower quartz heating elements for consistent heat distribution. The unit includes twin or upper element selection with a variable control dial and manual timer.

The salamander offers an 18.1" x 10.2" cooking surface with a chrome-plated rack and adjustable opening from 0.75" to 2" in height. A removable stainless steel crumb tray supports easy cleaning.

Measuring 23.6" W x 13.1" D x 12.8" H and weighing 36 lb, it includes non-slip rubber feet for stability. The unit is cULus listed and NSF certified and comes with a 1-year warranty.
