1 Year Warranty

SPECIAL FEATURES

- Clear Straight Glass View**
 The straight glass design gives customers an unobstructed sightline of all displayed bakery items, supporting faster purchasing decisions in a busy restaurant or cafe setting.
- Energy-Efficient Refrigerant**
 The R-290 refrigerant used in this unit is a low global-warming-potential hydrocarbon choice, and the case meets DOE 2017 energy compliance standards for commercial kitchen equipment.
- Standard Circuit Compatible**
 Operating at 110V/60Hz and drawing 7.4 amperes at 520 watts, this unit connects to a standard commercial kitchen circuit without requiring special electrical upgrades.
- Safe Holding Temperatures**
 A temperature range of 30.2 to 41 degrees Fahrenheit keeps pastries, cakes, and refrigerated bakery goods within the proper cold zone for food-safe display throughout the service period.
- ETL and Sanitation Certified**
 ETL Listed and ETL Sanitation Listed certifications confirm this display case meets recognized safety and food sanitation standards required for commercial food handling environments.
- Covered by 1-Year Warranty**
 This Frigomax Series display case is backed by a 1-year warranty, providing a defined period of coverage for a commercial kitchen investment.

PRODUCT OVERVIEW

The Frigomax Series 52" refrigerated bakery display case is a freestanding serve-over counter unit designed for commercial kitchens, bakeries, cafes, and restaurants that need an attractive, accessible cold display for pastries, cakes, and other perishable items.

With a 15.5 cubic foot interior and straight glass construction on all viewing sides, this unit gives chefs and counter staff a clear, unobstructed view of displayed items from both sides of the counter. The straight glass design keeps the display clean-lined and easy to read for customers at a glance.

The unit operates on 110V/60Hz power, draws 7.4 amperes, and runs at 520 watts, making it compatible with standard commercial kitchen electrical circuits. A temperature range of 30.2 to 41 degrees Fahrenheit keeps refrigerated bakery items within safe food-handling zones throughout the service day.

The Frigomax Series display case uses R-290 refrigerant, a low-GWP hydrocarbon option, and meets DOE 2017 energy efficiency standards. It carries ETL Listed and ETL Sanitation Listed certifications, confirming compliance with safety and food safety requirements relevant to commercial food service environments. At 52.4 inches wide, 37.4 inches deep, and 46.9 inches tall, the unit fits within a typical bakery counter layout without requiring a custom footprint.
