WARRANTY

**10-Year Panel, 1-Year
Parts on Doors, 1-Year
Compressor & Parts on
Remote Refrigeration
Unit**

SPECIAL FEATURES

- ✓ Durable Construction**
 24-gauge white galvanized steel panels resist corrosion and provide long-lasting structural strength for indoor and outdoor use.
- ✓ Advanced Cooling System**
 Self-contained system with top-mounted condensing unit and evaporator ensures consistent and reliable refrigeration performance.
- ✓ Tight Panel Fit**
 Modular cam-lock and tongue-and-groove hinge design creates secure panel connections, minimizing air leakage.
- ✓ Eco-Safe Materials**
 CFC & HFC-free insulation supports environmentally responsible refrigeration.
- ✓ Comprehensive Warranty**
 10-year panel coverage with 1-year protection on doors, compressor, and remote unit parts provides long-term reliability.
- ✓ Maximum Thermal Efficiency**
 4-inch polyurethane panels with R-28 thermal resistance maintain stable internal temperatures while reducing energy loss.
- ✓ Secure Door Design**
 Self-closing, flush-mounted solid swing door with keyed lock safeguards contents while maintaining proper insulation.
- ✓ Flexible Installation**
 Floorless design allows easy placement in a variety of indoor and outdoor commercial settings.
- ✓ Reliable Power Setup**
 Hardwired 208/230 V, 1-phase, 60 Hz connection delivers dependable operation.

PRODUCT OVERVIEW

The PolarBox Series Walk-In Cooler is ideal for businesses needing reliable indoor or outdoor cold storage. Constructed from white galvanized steel, it offers a durable structure. The dimensions of 10 ft (W) x 10 ft (D) x 7 ft (H) with 77 in door height provide ample storage. The solid swing door with self-closing and flush-mounted design maintains consistent internal temperature, supported by R-28 thermal insulation.

Designed for efficient refrigeration, the commercial walk-in cooler includes a top-mounted condensing unit and evaporator with thermostatic expansion and liquid line solenoid valves (TXV/TEV). Polyurethane panels and CFC & HFC-free material provide environmental compliance while maintaining stable cooling. Hardwired 208/230 V, 1-phase, 60 Hz connection allows seamless installation. Modular cam-lock hinges and tongue-and-groove design reduce air leaks between panels.

Certified UL Listed US, NSF Listed, and DOE, the PolarBox Series cooler guarantees safety and quality standards. The keyed lock on the door secures contents while maintaining insulation. With 4-inch panel thickness, it delivers thermal efficiency for long-term storage. Manufactured in America, the cooler comes with 10-year panel, 1-year door parts, and 1-year compressor & parts on the remote refrigeration unit.

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Product Width	118 inch	Product Depth	118 inch
Product Height	87 inch	Door Height	77 inch
Nominal Depth	10 ft	Nominal Width	10 foot
Hertz	60 hertz	Phase	1 Phase
Voltage	208/230 volt	Door Type	Solid
Insulation Thickness	4 inch	Insulation Material	Polyurethane
Door Lock	Keyed Lock	Material	White Galvanized Steel
Type	Walk-In Cooler	Floor	Without Floor
Plug Type	Hardwired	Usage	Indoor/Outdoor
Country of Origin	Proudly Made in America	Selling Unit	1/Each

SPECIFICATION

ATTRIBUTE	VALUE	ATTRIBUTE	VALUE
Door Style	Swing	Gauge	24 Gauge
Thermal Resistance	R-28	Features	Self-Closing, Flush-Mounted Door
Valve Type	Thermostatic Expansion, Liquid Line Solenoid Valve (TXV/TEV)	Included	Condensing Unit and Evaporator
Number of Doors	1 Door	Nominal Height	7 foot
Hinge Type	Modular Cam-Lock, Tongue & Groove Design	Material Type	CFC & HFC Free
Series	PolarBox Series	Refrigeration Type	Remote Refrigeration
Refrigerant Type	R-448A
