SPECIAL FEATURES

- Adjustable Heating**
 The temperature range of 122°F to 572°F supports different waffle cone preparation requirements in dessert bars.
- Non-Stick Plate**
 The 8 in non-stick round plate supports waffle cone preparation and routine cleaning tasks.
- Included Accessories**
 The unit includes a cone shaper roller, food tong, whisk, and cleaning cloths for foodservice preparation tasks.
- Double-Sided Heating**
 Double sided heating supports even plate heating during commercial kitchen operation.
- Timer Control**
 The 0 to 5 minute adjustable timer supports monitored cooking cycles in cafe and restaurant settings.
- Warranty Included**
 It includes a 1-year warranty by the manufacturer for commercial kitchen applications.

PRODUCT OVERVIEW

The ChefPro Series Waffle Cone Maker is a countertop electric unit designed for restaurants, ice cream shops, cafes, and dessert bars. The unit features a round single waffle plate with an 8 in non-stick pan for waffle cone preparation. It operates with 1200 W power and a 120 V electrical connection for commercial foodservice use.

The waffle cone maker features stainless steel construction with a black finish. It measures 12" (W) x 15.6" (D) x 12.6" (H) and includes a stainless steel cool-touch handle for handling during operation. The unit weighs 14 lb, suitable for countertop dessert station setups.

This commercial waffle cone maker includes adjustable temperature control with a temperature range from 122°F to 572°F. The unit also features a 0 to 5 minute adjustable timer for controlled cooking cycles. Double sided heating supports even plate heating during waffle cone preparation.

The non-stick coated plate supports food release and cleaning tasks in commercial kitchen environments. The unit includes 10 settings for cooking adjustment. Accessories include 1 cone shaper roller, 1 food tong, 1 whisk, and 4 cleaning cloths. It includes a 1-year warranty by the manufacturer.
