SPECIAL FEATURES

- ✓ **Stainless Build**
304 stainless steel construction supports durability in a commercial kitchen environment.
- ✓ **Defined Dimensions**
90" x 24" x 44" size supports installation planning in food handling areas.
- ✓ **Dual Faucets**
Two faucets with 8" on center spacing support water access across compartments.
- ✓ **NSF Certified**
NSF certification aligns with commercial kitchen compliance standards.
- ✓ **Leg Support**
Galvanized legs with plastic bullet feet support placement and stability.
- ✓ **Three Compartments**
Three bowls support separate washing, rinsing, and sanitizing tasks in restaurants.
- ✓ **Integrated Drainboards**
Two left and right drainboards with 18 in length provide space for drying utensils.
- ✓ **Rounded Edges**
Rounded front and side edges align with food handling and cleaning requirements.
- ✓ **Gauge Construction**
18 gauge stainless steel supports structural build in daily kitchen use.
- ✓ **Warranty Coverage**
Includes a 1-year limited warranty by the manufacturer.

PRODUCT OVERVIEW

The ChefPro Series 3-Compartment Sink is designed for commercial kitchen use in restaurants and food handling areas. It features 304 stainless steel construction with a silver finish, supporting structured washing tasks. The unit measures 90" (L) x 24" (W) x 44" (H), providing a defined footprint for installation.

This sink includes three bowls, each with 18 in length, 18 in width, and 34.8 in height, supporting multi-stage washing in a commercial kitchen. It also features two left and right drainboards with 18 in drainboard length, allowing space for drying and staging utensils and cookware.

The unit is equipped with two faucets with 8" on center faucet spacing, supporting water access across compartments. It includes rounded front and side edges, aligning with standard food handling requirements. The sink is NSF certified, supporting compliance with commercial kitchen standards.

It is built with 18 gauge stainless steel and includes galvanized legs with plastic bullet feet for base support. The structure uses plastic feet material and a defined leg system for placement. It includes a 1-year limited warranty by the manufacturer.
