It includes a 2-year limited warranty and 1-year labor by the manufacturer.

PRODUCT OVERVIEW

The KitchenCore Series portable ventless hood system is a stainless steel unit for commercial kitchens and restaurant cooking stations. Its silver 18-gauge exterior measures 43.63" (W) x 34.19" (D) x 87.19" (H). The inside width is 39 11/16 in.

The hood uses a triple-filter system with updraft technology. Its listed exhaust airflow is 1,125 CFM. Removable side panels are included with the ventless hood system.

The unit has R-102 fire suppression and a color-coded, lighted alert system. A 12 in clearance above the damper is required. The listed ventless clearance requirement is 18 in from the top of the unit, excluding the damper.

The system operates on 208/240 V, 50 overall A, and 1 phase power, with a listed ventless unit rating of 5 A maximum. It is UL Certified, cUL Listed, NSF Certified, and NFPA listed. It includes a 2-year limited warranty and 1-year labor by the manufacturer.
