SPECIAL FEATURES

- ✔ **Horizontal Display Layout**
Horizontal design with 2 adjustable stainless steel and glass shelves supports structured chilled merchandising in commercial kitchen environments.

✔ **Digital Temperature Control**
Digital thermostat maintains a temperature range of 30.2°F to 44.6°F for chilled storage conditions.

✔ **Certified Compliance Standards**
cETLus, ETL Sanitation, and NSF certifications align with commercial kitchen safety and sanitation requirements.
- ✔ **Price Tag Shelf Feature**
Adjustable glass shelf with price tag strip supports organized product labeling in retail and food service display setups.

✔ **Insulated Cabinet Structure**
CFC-free foamed-in-place polyurethane insulation supports internal thermal stability in commercial kitchen use.

✔ **Warranty Coverage**
It includes a 1-year warranty by the manufacturer and a 5-year compressor warranty for refrigeration components.

PRODUCT OVERVIEW

The ProKitchen Series Horizontal Air Curtain Merchandiser is designed for commercial kitchen and food retail environments such as supermarkets, cafés, and grab-and-go food service counters requiring horizontal chilled open display storage. It features a 12.9 cb3 capacity with a freestanding installation type supported by 4 casters for placement flexibility in commercial kitchen layouts.

Constructed with black coated steel exterior and stainless steel interior, the unit measures 59" (W) x 33.2" (D) x 60.9" (H), supporting horizontal merchandising across 2 adjustable shelves made of stainless steel and glass. One adjustable glass shelf includes a price tag strip for organized product identification in commercial kitchen and retail display setups.

The system operates on 110 V, 60 Hz, single phase power with 13 A current draw and 1300 W wattage along with 0.75 HP compressor power. It uses R-290 refrigerant with a self-contained refrigeration system, supported by digital thermostat and digital temperature control. The temperature range is maintained between 30.2°F and 44.6°F for chilled display applications in food retail environments.

Unit includes CFC-free foamed-in-place polyurethane insulation for thermal stability. Features ventilated air curtain operation with lift-up curved glass top and refrigerated rear access. LED lighting and night curtain enhance visibility and off-hour coverage. Operates up to 75°F ambient and is cETLus, ETL Sanitation, NSF certified. Includes 1-year manufacturer warranty and 5-year compressor warranty.
