Three adjustable shelves support structured placement of bakery items, beverages, and packaged foods.
- LED Front Lighting**
LED lighting at front sides supports visibility of displayed items in café and retail counters.
- Certified Construction**
cETLus Listed, ETL Sanitation Listed, and NSF Certified structure supports commercial food handling standards.

PRODUCT OVERVIEW

The ChillCore Series Refrigerated Display Case is a freestanding vertical curved unit designed for commercial kitchens, bakeries, cafés, and food retail environments. It operates on 115 V, 1 phase, 60 Hz with an 11.8 A electrical load and uses ventilated cooling to support structured airflow inside the cabinet for refrigerated food display.

The body is constructed using stainless steel and glass with a silver finish and double tempered glass panels. It features a vertical curved design measuring 36.1" (W) x 31.1" (D) x 57.4" (H), supporting compact installation in commercial service areas. The interior layout includes 3 adjustable shelves designed for layered food presentation.

Temperature is maintained between 35.6°F and 50°F through a digital temperature controller with display. The system includes automatic defrost and automatic condensate evaporation, along with a condenser positioned on the back side for refrigeration management in continuous operation.

This unit includes LED lighting at the front sides and comes with a curtain for front coverage when required. It is supported by 4 casters and 2 adjustable feet for positioning and leveling. The display case is cETLus Listed, ETL Sanitation Listed, and NSF Certified and includes a 1-year warranty by the manufacturer.
