

Platinum Frost Series Commercial Air Cooled Ice Machine, 275 lbs Bin, Capacity 350 lbs

(Model: PFAIM350)

★★★★★ (4.7/5)

Buy Now

WARRANTY
Parts & Labor: 2 Years
Compressor: 6 Year

SPECIAL FEATURES

- High Ice Production**
 Produces up to 350 pounds of full-size ice cubes daily with 275-pound storage capacity in an insulated bin for commercial operations.

Professional Certifications
 Triple-certified by Energy Star, ETL Sanitation, and cETLus, meeting highest industry standards for efficiency and safety.

Easy Maintenance
 6.3-inch leg mounting enables convenient under-unit cleaning access, simplifying regular maintenance routines.

Eco-Friendly Operation
 Uses R-290 refrigerant for environmentally responsible and energy-efficient performance.

Air-Cooled System
 Air-cooled condenser provides reliable cooling performance without requiring external water connections.
- Extended Warranty Protection**
 Comprehensive 2-year parts and labor warranty plus 6-year compressor warranty ensures long-term reliability and peace of mind.

Corrosion-Resistant Design
 Nickel-plated evaporator with anticorrosive chemical coating ensures clean operation and extended equipment lifespan.

Commercial-Grade Construction
 Durable stainless steel construction with silver finish withstands demanding commercial kitchen environments.

Simple Power Setup
 Includes 6-foot power cord with NEMA 5-15P plug for 115V, 60 Hz single-phase operation.

PRODUCT OVERVIEW

This ice machine with bin is a dependable solution for commercial kitchens, bars, or foodservice setups that require steady ice production and storage. Made from stainless steel with a silver finish, the unit produces up to 350 pounds of full-size ice cubes per day and holds up to 275 pounds in its insulated bin.

It's designed with an air-cooled condenser, runs on 115V, 60 Hz, single-phase power, and includes a 6-foot power cord with a NEMA 5-15P plug. Inside, the nickel-plated evaporator with anticorrosive chemical coating ensures clean, long-lasting performance. The system uses R-290 refrigerant, making it both efficient and environmentally friendly.

Mounted on 6.3-inch legs, this unit allows for easy cleaning underneath. Its overall dimensions are 23.7" W x 33.7" D x 67.3" H, and it's sold as 1 unit each. Certified by Energy Star, ETL Sanitation, and cETLus, this ice machine is backed by a 2-year parts and labor warranty and a 6-year compressor warranty, giving you confidence in long-term reliability.
