The clear polycarbonate lid allows contents to be viewed without opening the bin.
- ✓ **Shelf Storage Design**
The shelf ingredient bin format supports organized storage on commercial kitchen shelving systems.
- ✓ **Warranty Included**
It includes a 1-year limited warranty by the manufacturer.

PRODUCT OVERVIEW

The ProKitchen Series Shelf Ingredient Bin is designed for commercial kitchen ingredient storage in restaurants, bakeries, cafés, and food preparation facilities. Constructed from white polypropylene (PP), it provides organized storage for dry ingredients while fitting on shelving units and ingredient preparation stations.

The bin features a 10.6-gallon capacity with storage for up to 266 cups of ingredients, making it suitable for high-volume commercial kitchen ingredient management. Its shelf-style design supports organized storage and access during food preparation workflows.

A clear polycarbonate (PC) lid allows visibility of stored contents while the patented cover design provides ingredient access when needed. The lifted lid and hinged cover configuration supports repeated opening and closing during daily food handling operations.

The unit measures 19.1" (L) x 23.3" (D) x 17" (H) and includes a lid as standard. It is NSF Certified for commercial kitchen ingredient storage applications and includes a 1-year limited warranty by the manufacturer.
